"Chocolate Dipped Strawberry Wraps"

Even astronauts like something sweet to eat in space!

Ingredients

Six 6-inch flour tortillas
6 ounces cream cheese, softened
1-1/2 cups fresh strawberries, sliced
1 cup semi-sweet chocolate chips, melted
1/4 cup white chocolate chips, melted

Directions:

Place tortillas on flat surface. Using a butter knife, spread 1 ounce cream cheese evenly over each tortilla, covering out to the edges. Place 1/4 cup sliced strawberries on top of cream cheese on one end of tortilla. Begin at that end and roll tightly to form wrap. (Secure with toothpick if needed until dipped in chocolate.)

Melt chocolates according to package directions. Dip each wrap, one at a time, into melted dark chocolate, tilting pan slightly to cover 1/3 to 1/2 of wrap; place on cookie sheet lined with waxed paper. When this is completed for all 6 wraps, drizzle rest of dark chocolate over wraps. Then drizzle with melted white chocolate for a decorative effect. Refrigerate to set. Makes 6 yummy servings!
